All requests are reviewed on a case-by-case basis in accordance with Society-wide principles, standards and chapter policies. As we work with you on your request, we may also seek other funding options for you. If community resources are available, we will help you access those resources first. We may also request additional information regarding your financial circumstances in order to fully understand your need and how best to assist you.

While we wish we could fund every person in need, and will give your application thoughtful consideration, please know that funds are limited. Completing an application does not guarantee funding. We will process your application as quickly as possible and ask that you not proceed with a purchase until you hear from us. Approved funds are paid directly to the vendor or service provider. Typically, we will not reimburse for items already purchased.

If you have any questions regarding the forms or our funding procedures, please call 1-800-FIGHT MS (1-800-344-4867). We look forward to working with you and will be in touch with you soon.
