Job Title:	Assistant Director of Laboratories
Job Number:	
Organization:	PA Department of Health
Type:	Full-Time
Classification:	Laboratory
Industry:	State Government
Number of Openings:	1
Location:	Exton, PA USA
Compensation:	$70,318 - $106,876 annually plus a comprehensive benefits package
Position Description:	As Assistant Director of Laboratories, Health, and functioning as the director in the director's absence, you will plan, organize and develop strategies for the expansion of laboratory capacity of the Department of Health, Bureau of Laboratories; lead the development of research teams; study laboratory design and operations issues for their applicability to the Bureau of Laboratories, Health; develop strategies for laboratory research; and provide expert counsel to the medical and laboratory community. You will also coordinate the Bureau of Laboratories' bioterrorism response with other state and federal agencies; investigate the Bureau operations and data management systems; train staff; direct safety programs; and supervise subordinate managers.
Qualifications:	Minimum Requirements: Five years of professional experience in a medical or public health laboratory, involving laboratory analysis, applied investigational and developmental research; development and implementation of laboratory standards for methodology or regulation of licensed clinical laboratories, including three years in a supervisory capacity. Condition of Employment: To be hired by the PA Department of Health, you must meet the qualifications under the provisions of the federal Clinical Laboratory Improvement Amendment (CLIA) 88 and the Pennsylvania Clinical Laboratory Acts. The federal CLIA requirements, in Section 493.1405, can be found at www.phppo.cdc.gov/clia under Regulations. The state requirements are at www.pacode.com/secure/data/028/chapter5/s5.21.html . These requirements are outlined on Application Supplement 2011-030-1. SEE TEST ANNOUNCEMENT FOR ADDITIONAL DETAILS.
Organization Description:	The Department of Health is responsible for planning and coordinating health resources throughout the Commonwealth. It licenses and regulates a variety of health facilities, such as The Department of Health is responsible for planning and coordinating health resources throughout the Commonwealth. It licenses and regulates a variety of health facilities, such as hospitals, nursing homes, ambulatory surgical facilities and other in-patient and out-patient facilities. In addition, the Department supports outreach,

education, prevention and treatment services across a variety of program areas.
