When you participate in a MS Society event, the funds you raise give hope to the more than 7,500 people living with MS in Western Pennsylvania. The dollars raised support promising research to stop the disease, restore function that has been lost and to end MS forever. Your dollars also help fund local programs for people living with MS right here in our community.

Here is just a small sample of how the money you raise is helping:

- Nearly $4 million was invested in MS research at local institutions.
- Public education about MS was provided in person to over 1,200 people.
- 762 people affected by MS received some form of direct assistance ($338,000 total), varying from emergency assistance to grants for independence, transportation, equipment, respite and chore services.
- An estimated 90 referrals are given to people with MS in a month.
- Over 200 friendly visits were made to people with MS living in long term care facilities or who rarely leave the home.

National Multiple Sclerosis Society
