Diagnosed with MS in 2009  
Living with MS for 2 years

This is my story...

What is your connection to multiple sclerosis?

I have multiple sclerosis.

How has MS impacted your life?

It is forever life changing. I remain as active as I possibly can but the fatigue and weakness are often problematic and very frustrating. I have to pace my daily activities and am in constant worry that the MS will become worse!

Are you receiving or have received assistance from any services or programs?

I have not received assistance.

Have you experienced issues with any services or programs? If so, which ones?

I have not experienced any issues.

What else should we know about your unique story?

I am very thankful that I continue to work and be active. I think that education is key as you could look at me and think "she is not that affected!" Yes, I am...I fight everyday and it is with me everyday but I will not let MS beat me! If there is anything that can be done to ease the cost of disease modifying medication, public awareness, or any other type of assistance for people with MS I would like to be a part of that!

Thank you for listening to my story!
