<b>RESEARCH/CLINICAL UPDATE</b>
---------------------------------

<b>August 19, 2011</b>	<b>CC:</b>
	<b>Programs and Services</b>
<b>Webinars Scheduled: the Society’s Training for Mental Health Professionals</b>	

As part of our effort to provide online learning opportunities for community mental health professionals (and in particular those who you feel are potential *Partners in MS Care*), we are creating four one-hour Webinars. Each Webinar covers one of the components in the Society’s full-day training, *Psychosocial Interventions in Multiple Sclerosis: Strategies for Mental Health Professionals*. The Webinars will be offered live on the dates listed below and then posted for future use. Once the programs have been posted, we will let you know how they can be accessed by Society staff or community professionals.

How to register: Please click the registration link below the Webinar topic that you are interested in learning about. From the meeting details page, please click the “register” button. You will receive a registration confirmation email with the Webinar details (including the conference number). The email will also provide a link to add the appointment to your calendar program (for example Microsoft Outlook).

**August 23<sup>rd</sup> at 11:00 am Eastern time – *Multiple Sclerosis: What You Need to Know about the Disease***
