The National MS Society provides direct services, support, and resources for navigating your best life through the challenges of MS. Contact us or visit nationalMSsociety.org to learn more.

**SUPPORT**

**MS NAVIGATOR®**

MS Navigators are highly-skilled, compassionate professionals who are supportive partners and help navigate the challenges of MS, unique to each person’s situation. We can help you identify and advocate for what you need, when and how you need it — particularly access to services, benefits, and the ability to connect you with a skilled healthcare provider — to live your best life. Call 1-800-344-4867 or email contactusnmss@nmss.org.

**ACCESS TO MS HEALTHCARE**

Access to affordable, high quality healthcare is essential for people with MS to live their best lives. The National MS Society’s Access to High Quality MS Healthcare Principles (nationalmssociety.org/Principles) are the foundation of our actions and the Society’s advocacy, healthcare access, communication, programmatic and research strategies reflect these beliefs. The Partners in MS Care program is an important resource to ensure that people with MS have access to knowledgeable and experienced healthcare providers who are connected to their local MS community, and collaborate with the National MS Society to provide the support, information and resources they need to live their best lives. To find a Partner in MS Care in your community, contact an MS Navigator or visit nationalMSsociety.org/partnersinmscare.

**CONNECTION PROGRAMS**

MSFriends, One-to-One Peer Connections, and Self-help Groups and Online Support Groups match trained peer support volunteers who are people with MS or family members, with others who have an interest in connecting to share similar experiences. For more information, visit nationalMSsociety.org/connectionprograms.

**SELF-HELP GROUPS**

In-person & telephone groups

**MSFRIENDS**

One-to-one peer connection program that connects people living with MS to volunteers living with MS by calling the MSFriends helpline at 1-866-673-7436. Volunteers are available 9AM to midnight ET, seven days a week.

**MS CONNECTION ONLINE COMMUNITY**

Hosts a variety of online support groups, one-to-one peer connection opportunities, blogs and discussions. Learn more at MSconnection.org.
COMMUNITY BASED LOCAL PROGRAMS

The Society hosts unique and featured wellness education programs annually throughout the country. Programs are focused on connecting people with MS while providing information and wellness opportunities in person. Program content and objectives vary from location to location, but all have demonstrated impact, provide an exceptional experience for people with MS to connect, learn and make improved lifestyle decisions. Learn more on what’s upcoming in your community at nationalMSsociety.org/calendar.

WELLNESS EDUCATION

EVERYDAY MATTERS
Full day positive psychology program where people with MS learn techniques to improve overall emotional wellness while connecting with others living with similar life experiences. Content and self-study is also available online on-demand. Learn more at nationalMSsociety.org/EverydayMatters.

MOOD CHANGES IN MS
Brings together people with MS in-person to provide an opportunity to learn and connect around a specific symptom facing people with MS today. The content explores the complex issues of Mood Disorders through personal examples. This includes people with MS facing mood changes themselves, expert interviews with Dr. Anthony Feinstein, MD, PhD, from the University of Toronto, Frederick Foley, PhD, from Yeshiva University in Bronx, N.Y and Dr. Lauren Krupp who leads the NYU Langone’s Multiple Sclerosis Comprehensive Care Center. We also explore how and why people with MS experience changes in mood, and provide the latest information on how these symptoms can be addressed—from physical activity, medications and counseling to self-management strategies. Learn more at nationalMSsociety.org/MoodChanges.

JUMPSTART
Can Do MS is the Society's Premier Wellness Education partner, bringing Jumpstart programs to markets throughout the country. Programs are focused on three key educational areas: 1. Diet, Exercise and Health Behaviors 2. Physical Activity and 3. Emotional Well Being-Motivation and Goal Setting.
