SUPPORT

MS NAVIGATOR®
Our nationwide team of MS Navigators is made up of compassionate, highly skilled professionals who work with you one-on-one to find lasting solutions for the unique and often complex challenges of MS. MS Navigators work to find solutions throughout your MS journey as needs and challenges evolve. When the challenges of life with MS are especially complex and overwhelming, and support systems and resources are lacking, MS Navigators initiate more intensive case management services. Call 1-800-344-4867 or email contactusnmss@nmss.org.

ACCESS TO MS HEALTHCARE
Access to affordable, high-quality healthcare is essential for people with MS to live their best lives. The National MS Society’s Access to High-Quality MS Healthcare Principles (nationalMSsociety.org/principles) are the foundation of our actions, and the Society’s advocacy, healthcare access, communication, programmatic and research strategies reflect these beliefs. The Partners in MS Care program helps to ensure people with MS have access to knowledgeable and experienced healthcare providers who are connected to their local MS community, and collaborate with the National MS Society to provide the support, information and resources they need to live their best lives. To find a Partner in MS Care in your community, contact an MS Navigator or visit nationalMSsociety.org/partnersinmscare. The Professional Resource Center web pages on the National MS Society website provide healthcare professionals with up to date information and resources to optimize high quality care.

CONNECTION PROGRAMS
MSFriends, One-to-One Peer Connections, Self-help Groups, Online Support Groups, and the MS Connection Online Community match trained peer support volunteers who are people with MS or family members, with others who have an interest in connecting to share similar experiences. For more information, visit nationalMSsociety.org/connectionprograms.

SELF-HELP GROUPS
In-person & telephone groups.

MSFRIENDS
