

National Team Page Application Instructions

We are pleased to offer your team an official National Team Page on the National MS Society website. The National Team Page will be your primary source of team registration and fundraising information, and will allow you to direct your current and potential team members to a single online site to register, get team information, and track the progress of your teams nationwide.

Please fill out this application **completely**. Once we receive all of your information you can expect your page to be active in 2-3 weeks.

A Note on Pictures and Logos: Images must be no larger 1MB

Questions? Please contact Sheila Casey at sheila.casey@nmss.org

National Team Page Application
Please return electronically to sheila.casey@nmss.org
