

Dine-Out Events

Host a Dine-Out Event! Dine-outs are a great way to raise funds without asking your friends, family and co-workers for cash directly.

Here's how it works: The restaurant gives your group a percentage of the sales on a designated night for all the customers that your organization brings to their business. Check out some of our suggested restaurants or feel free to call up your favorite local restaurants to see if they would be willing to set up an event with you!

Texas Road House
