HANNAH, DIAGNOSED IN 2017

DOUG, DIAGNOSED IN 2014

NEW TO PEDIATRIC MS RESOURCE GUIDE

The National MS Society is a source of support for all who are affected by MS, including families living with pediatric MS. If you are a preteen or teen recently diagnosed with multiple sclerosis, or the parent of a child new to MS, you may not know where to begin. We are here to help you learn about MS and feel confident managing the disease as a family. You are not alone!

RESOURCES

Many people find it helpful to start by gathering the facts. Learning as much as you can about MS and getting answers to common questions can help you feel confident and in control of your health. The clickable links below will provide access to MS information and resources:

For Parents

-  **Kids Get MS Too**
